

Flight Review

The purpose of the flight review is for you to continue to exercise the privileges of your pilot license while acting as pilot in command of an aircraft. Simply put if you do not complete a flight review every 24 calendar months you cannot operate an aircraft as pilot in command (PIC) or log PIC flight time. If you obtained your private pilot license on 07/23/2016, since the flight review is due every 24 calendar months you would have to do a flight review no later than 2359 on 07/31/2018.

The flight review consists of 1 hour of ground and 1 hour of flight time.

Total price with **your** own aircraft \$105

Total price with **our** aircraft \$275
