

Introductory Flight

The introductory flight to commercial aviation is designed to introduce you to the world of commercial pilot training. Enjoy a 1-hour flight from airport to airport or just stay in the local area and enjoy the sunset while you get a feel for flying an actual airplane. Your flight will be a flight instructor who will give you the aircraft flight controls and allow you to fly around during your 1-hour session.

Includes:

1 hour flight

Total \$140
